

## QuickKlip ties offer the fastest release.

See how easy it is to fasten Jilson Ties...

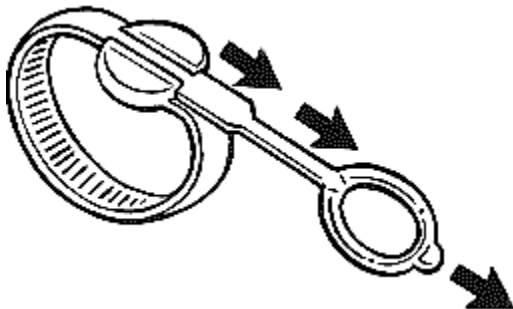

Step 1: Make a loop so that the thin part of the strap (the neck) is above the slot in the head.

Step 2: Now, snap the neck into the slot.

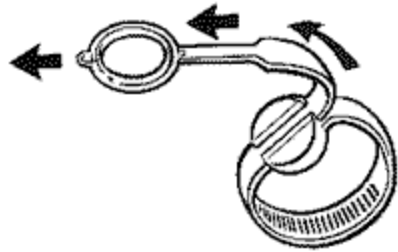

Step 3: Grasp the ring and pull, so that the strap slides through the slot in the head. Keep pulling until the desired tightness is achieved.

## QuickKlips release in a fraction of a second.

See how easy it is to release Jilson Ties...

Step 1: Pull the ring back at right angles to the slot.

Step 2: Keep pulling and the strap will peel right out of the slot. (NOTICE that the QuickClip tie has not been damaged and can be reused again and again.)
